Uconnect™ touchscreen infotainment system

Length 4.06 m - Width 1.72 m - Height 1.44 m

These are the vital statistics of a sports car on which even the styling details
are designed for optimum performance.

⦿ Tyres with 15" to 18" alloy wheels featuring wide tread for true **sports handling**.

A car which combines a sporty coupé line
with the comfort of a compact saloon:
a streamlined muscular exterior silhouette
with frameless doors, while inside there are 4 comfortable seats.

EF
KTS
S

Rear lights with **LED** technology, a design detail that responds to the need for high **visibility** and enhanced safety.

INTERIORS

The driver can call on a racing instrument panel.

Only the finest materials have been selected for total comfort, with interiors in leather and fabric that exude an unmistakable 'made in Italy' quality.

EFFICIENCY

At the heart of the Alfa MiTo are engines that combine spirit with high-efficiency low running costs.

There are 4 petrol engines to choose from: 1.4 78 hp, 875cc Turbo TwinAir 105 hp, 1.4 Turbo MultiAir 140 hp ALFA TCT and for those looking for unadulterated racing spirit the 1.4 Turbo MultiAir 170 hp ALFA TCT. You also have the choice of 2 diesel engines: 1.3 JTD_{M-2} 85 hp and 1.6 JTD_{M-2} 120 hp.

	1.4 78 hp (Petrol)	875cc TB TwinAir 105 hp (Petrol)	1.4 TB MultiAir 140 hp ALFA TCT (Petrol)	1.4 TB MultiAir 170 hp ALFA TCT (Petrol)
Displacement	1,368 cc	875 cc	1,368 cc	1,368 cc
Max. torque Nm (kgm) at rpm	115 (11.8) 3,000	145 (14.8) 2,000	230 (23.4) 2,250	250 (25.5) 2,500
Max speed (mph)	103	114	130	136
Acceleration 0-62 mph (s)	13.0	11.4	8.1	7.3
Combined fuel consumption (mpg)	50.4	67.2	52.3	52.3
CO ₂ g/km	130	99	124	124
Environmental classification	Euro 6	Euro 6	Euro 6	Euro 6
Start&Stop	standard	standard	standard	standard

Fuel consumption figures are obtained for comparative purposes in accordance with EC directives/ regulations and may not be representative of real life driving conditions.

To keep fuel consumption and emissions low, the Alfa MiTo has other devices on board:

- Start&Stop: this device temporarily stops the engine whilst stationary and restarts it when setting off (this functionality can be deactivated by the driver).
- Gear Shift Indicator – GSI: this system suggests when to change gear to optimise engine efficiency.

1.3 JTDM-2 85 hp (Diesel)	1.6 JTDM-2 120 hp (Diesel)
1,248 cc	1,598 cc
200 (20.4) 1,500	320 (32.6) 1,750
108	123
12.9	9.9
80.7	65.7
90	112
Euro 5 Plus standard	Euro 5 Plus standard

PERFORMANCE

Choose your ideal engine: you can count on Alfa Romeo's great engineering tradition.

ALFA MULTIAIR

This technology marks a new era for petrol engines, continually varying the intake of air into the engine directly as it enters the cylinders, based on the actual engine requirements.

- ◉ From 10% to 35% more **maximum power** and up to 15% more **torque** at low speeds.
- ◉ **Pick-up** improved by up to 12% and up to 10% lower **fuel consumption** and emissions.

TURBO TWINAIR

875cc Turbo TwinAir 105 hp Euro 6.

The Turbo TwinAir combines MultiAir technology with an innovative two cylinder layout to achieve maximum fuel efficiency, power, outstanding flexibility and response when needed.

JTDM-2

Lift the bonnet and the Alfa MiTo reveals the second generation of MultiJet diesel engines, a development of the Common Rail system, a Fiat Powertrain Invention.

- ◉ **Combustion is optimised** to obtain excellent results in terms of consumption, emissions, noise and handling.
- ◉ **Extreme reliability** borne out by service intervals of 12,000 miles.

SPIRIT

Get behind the wheel and enjoy the true Alfa Romeo spirit: that unique connection between you, your Alfa MiTo and the road, which makes you inseparable. An experience you can savour first-hand with technology like Alfa D.N.A. and the ALFA TCT gearbox.

ALFA D.N.A.

Derived from racing experience, Alfa D.N.A. is the exclusive Alfa Romeo driving mode selector which, by acting on the engine, brakes, steering, gearbox, suspension and accelerator, perfectly adapts the vehicle's performance to suit the driver's style and the road conditions. It offers simple, intuitive use: just shift the selector near the gear lever.

- ◉ In the **Dynamic** driving mode the electronic traction control systems are less intrusive, the engine and brakes are more reactive and quicker to respond and the steering is more direct and sporty.
- ◉ Shift the selector to the **Natural** driving mode and the calibration is more neutral, with optimised comfort and fuel consumption.
- ◉ When poor grip conditions make the road more demanding, all you have to do is activate the **All-weather** setting, designed to enhance stability and help avoid sudden loss of traction by smoothing acceleration and anticipating the intervention of all of the electronic safety devices.

ALFA TCT

ALFA Twin Clutch Transmission is the innovative twin dry clutch semi-automatic transmission, which allows the next gear to engage while the previous one is still engaged. The ALFA TCT guarantees driving comfort and a sporty feel that far surpasses those offered by traditional automatic transmissions, coupled with improved efficiency and lower fuel consumption.

- ◉ **Driving pleasure.**
Fast gearshifting in both automatic and sequential mode, available with standard steering wheel paddles for a true sports driving experience.
- ◉ **Comfort.**
Drive is progressive and continuous at all times, without the typical loss of torque associated with traditional automatic or manual gearboxes.
- ◉ **Efficiency.**
Enables further reduction in fuel consumption and emissions.

DYNAMIS

Agility, precision driving and comfort thanks to MacPherson front suspension and rear torsion beam with semi-independent wheels. Two solutions with tried-and-tested performance which guarantee boundless fun and maximum safety.

ALFA ADAPTIVE SUSPENSION

- Standard on high-performance engines, 1.4 TB MultiAir 140 hp petrol and 1.6 JTDM-2 120 hp diesel. It adopts variable-response shock absorbers. Thanks to the by-pass valve, they improve comfort in response to stresses, maintaining the vehicle's excellent dynamic control.

ALFA ACTIVE SUSPENSION

- Standard on the Alfa MiTo 1.4 TB MultiAir 170 hp Quadrifoglio Verde. This electronic shock absorber control system actively and continuously varies **the chassis response** according to road conditions and the driver's needs. It works with **Alfa D.N.A.** and the other on-board **electronic devices to deliver the performance required for optimal handling.**

The Alfa MiTo protects the driver and passengers in any situation.

● ACTIVE SAFETY

- **ALFA ELECTRONIC Q2** reproduces the action of a self-locking differential.
- **ABS** Anti-lock Braking System.
- **EBD** Electronic Brake force Distributor between the front and rear wheels.
- **VDC** electronic Vehicle Dynamic Control for better car stability.
- **ASR** Anti-Slip Regulation system provides traction control by adjusting the brakes and Engine Control Unit (ECU).
- **HBA** Hydraulic Brake Assistance for emergency braking.
- **HILL HOLDER** system to aid hill starts.
- **MSR** Motor Slip Regulation controls engine braking when the accelerator pedal is released.
- **CBC** Corner Brake Control system optimising braking performance on bends.
- **ALFA ACTIVE STEERING** integrates electric steering in the VDC functions: a light impulse on the steering wheel prompts the driver to correct oversteer.

● PASSIVE SAFETY

- **7 AIRBAGS** as standard.
- **SBR** Seat Belt Reminder technology: 5 warning lights on a small screen allow the driver to make sure all seat belts are fastened.
- **ANTI-WHIPLASH DEVICES** on seats.
- **COLLAPSIBLE** steering wheel.
- **STEERING COLUMN** designed to absorb impact energy in a controlled manner.
- **STEERING-LOCK** accommodated out of the way of the driver's knees
- **LED** rear lights to improve the visibility of the car.

SAFETY

TECHNOLOGY

BOSE® Sound System Hi-Fi for an amazing sensory experience:
8 main speakers and subwoofer combined with an 8 channel digital amplifier
for excellent deep bass notes and wraparound sound with more nuances.

You want to connect to your music and have everything under control. That's why the Alfa MiTo offers Uconnect™, the built-in system that combines a top-quality sound system with a raft of multimedia services and functions. And you can operate it with the touch of a finger or simply your voice, thanks to a 5" colour touchscreen and voice recognition.

Uconnect™ 5" Radio

- You can use the touchscreen to access all audio functions directly: AM/FM radio, CD player, media player devices can be connected via USB port or Aux-in socket.
- Commands can also be voice-activated.
- The Bluetooth® interface lets you read any text messages received (through the text to speech system) and use the steering wheels controls to handle telephone calls*.
- With the Audio Streaming system you can play music files or web radio straight from your smartphone without wires*.
- Also available with DAB Digital Audio Broadcast.

Uconnect™ 5" Radio NAV

- Built-in navigation developed in collaboration with TomTom® for simpler, more intuitive navigation, even easier thanks to the touchscreen and voice recognition.
- It is pre-loaded with maps of major European countries, which can be updated via USB.
- The "Advanced Lane Guidance" system helps you to breeze through even the most complex junctions.
- It provides warning of the position of average speed cameras and fixed cameras.
- Thanks to the IQ Routes® system, it calculates the best route on the basis of real, measured average speeds.

* The list of compatible mobile phones is available online at: www.alfaromeo.co.uk

ALFA MITO PROGRESSION

Choose style and enter the Alfa MiTo world.

Available with the 1.4 78 hp (petrol), 875cc TB TwinAir 105 hp (petrol) and 1.3 JTDm-2 85 hp (diesel) engines

15" Silver alloy wheels with 185/65 R15 tyres • Alfa D.N.A. driving mode selector* • Uconnect™ 5" colour touchscreen infotainment system with Bluetooth® and voice recognition with USB and Aux-in inputs • Manual climate control • Rear spoiler • Start&Stop • Body coloured bumpers • Tyre pressure monitoring system • VDC (ABS+ASR+Brake Assistant) with Hill Holder and Electronic Q2 • Titanium Grey headlight & rear light surrounds • Electrically adjustable and heated body-coloured wing mirrors • 7 airbags • Fix&Go puncture repair kit • Steering wheel with remote controls and leather gear knob

MOPAR PRODUCTS & SERVICES

The mission of Mopar® is to ensure customers of all brands within Fiat Chrysler Automobiles a satisfying ownership experience for the vehicle's entire life cycle, putting their after-sales service leadership and know-how at their service. Mopar® looks after cars from the moment they leave the dealership onwards, guaranteeing the customer the very highest level of service, employing cutting-edge technology and innovative, original and high-quality products.

MANUFACTURER'S WARRANTIES

3 Year Manufacturer's Warranty

Your 3 year warranty comprises of a manufacturer's 24 month warranty and a further 12 months dealer warranty, guaranteeing your vehicle against any manufacturer's defects. These warranties give you complete peace of mind during the first 3 years of ownership so that should any components fail due to manufacturing defects these will be replaced with genuine Alfa Romeo parts, free of charge. Full terms and conditions are available on request and listed in your owner's manual.

8 Year Anti-Perforation Warranty

Any perforation of the bodywork due to corrosion will be replaced free of charge during the first 8 years.

3 Year Paintwork Warranty

In the unlikely event of any paintwork defects, due to faulty materials or manufacture, we will rectify these free of charge during the first 3 years.

3 YEARS FREE ROADSIDE ASSISTANCE

The Alfa Romeo Assistance Service provides help in the event of your vehicle developing a mechanical or electrical breakdown at either the roadside or your home. The service is designed to get your car moving as soon as possible. In the event that the fault cannot be fixed at the roadside, then your car will be taken to your nearest authorised dealership and you will be offered assistance to continue with your onward journey. Full terms and conditions are available on request.

The Alfa Romeo Assistance Service for customers is guaranteed 24 hours a day, every day of the year. If you require these services, dial the Freephone number 00800 2532 0000.

EASY CARE SERVICING PLANS

The Easy Care servicing plan is a 3 year annual service plan applicable for every Alfa Romeo model† for one standard price. The plan includes all of your essential servicing requirements, containing three annual services for 3 years taken in accordance with the maintenance schedule shown. The price includes all the parts, labour and fluids required to perform the service schedule created for your car. For more information please contact your Alfa Romeo dealer.

Servicing Schedule

PETROL	DIESEL	PRICE
9,000 mls	12,000 mls	£499
18,000 mls	24,000 mls	
27,000 mls	36,000 mls	

ACCESSORIES & MERCHANDISE

An extensive range of genuine accessories and merchandise is available - please visit your local dealer or go to www.alfaaccessories.com

†Please note this Maintenance Plan excludes Alfa Romeo 4C and Alfa Romeo 4C Spider.
